

LOADING RAMP FOR WORKBOAT:

- Site # 1 Tract 580 – Near Northville Bridge located on a Non Permitted area. The Existing Site is Accessed through a dirt roadway on W. Heath Permit #13312 and R. & B. Outrigger Permit #13742
- Site # 2 Tract 657 in N.Y.S.D.E.C. Campground Sites #72, #73, and #74 until on or about Memorial Day weekend typically. Existing Site is accessed through the N.Y.S.D.E.C. Campground.
- Site # 3 Tract 955 Miller's Grandview Marina Permit # 448-c Existing Site is accessed via a dirt roadway through the Marina Permit Area.
- Site # 4 Tracts 310/312 J. Winney Permit # 4661 Proposed Site would be accessed off County rte. 7 and use existing dirt roadway to cross the access Permit Area.
- Site # 5 Tract 84 B. & N. Shaw Permit # 14035 Existing Site accessed through Cty. Rte. 7 and occasionally using an existing driveway on D. Fraser Permit #10676.
- Site # 6 Tract 219 NYS D.E.C. Boat launch ramp, existing site access located off Cty Rte. 4. Access to ramp Since Summer 2006, has been blocked by a new 2 foot wide blocktop walkway, which does not appear to be able to support a loaded truck. D.E.C. must be contacted in regards to this situation.
- Site #7 Tract 287 R. & J. Campbell Permit # 15498-C Was an existing ramp built in 2005 by the district, till it became unable to be used due to the relocation by the permittee of their Marina dock system at the districts request. It is Vital to come to a solution on the use of this ramp. Other ramps are 1 hour away to the North and almost 2 hours away to the southwest.

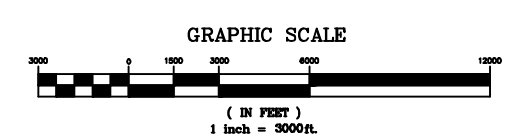

LEGEND:

- COMPLETED RIP-RAP SITES AS OF DECEMBER 2008.
